## QUESTIONS TO ASK YOURSELF

The best place to start your leadership journey is by learning more about yourself.  
The first question to ask yourself is:

What kind of leader do I want to be?

Then you can dig a little deeper to get crystal clear:

- What's *your* word?
- What's the most important leadership characteristic for *you*?
- What can *you* do to strengthen it?
- How can *you* clearly convey it to your team?
- How can *you* live it every day?

## RATING SHEET

Grade yourself - *honestly* - to determine what you're already good at, and where you could use some improvement. Use the "A - F" grading system, where A means you've aced the lesson and F means you need to repeat it.
